“Detailed sound and rich, responsive bass, all in one compact and stylish package. I’ll take two please.”

— Alisha Turner, *DVD ETC. Magazine*

Legendary audio designer Dr. Godehard Guenther creates room-filling theater sound that’s musical, affordable & goes anywhere – in the bedroom, den, office, garage or dorm.

“Amazing, all-in-one hi-fi system for computer, games, music & movies. Get one for every TV in the house.”

— Steve Kruschen, *Mr. Gadget* – www.mrgadget.com

soundmatters®

† 1 Box (slim & sleek), 2 Wires (power & DVD digital), \$300 (\$329 srp), any TV (with A/V in/out)

MAINstage™

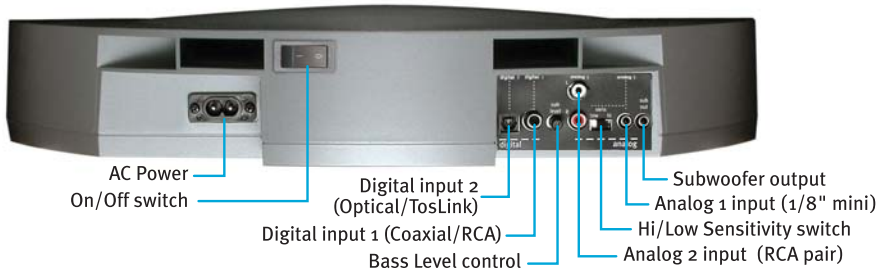

- **Room-filling theater sound from one slim set-top box**
Simple-to-use, great for anyone who craves high-fidelity sound
- **Patented technology with built-in subwoofer**
80 watts of digital amplification and Zoran® VMD surround algorithms, with incredible bass
- **Ready for any digital audio source**
Two digital plus two analog inputs for DVD, satellite/cable, games, and music
- **Free yourself from setup and wiring**
Multi-channel audio in seconds with only two connections
- **Two-year Warranty, limited parts & labor**

“Dialogue intelligibility with regular TV programs was much improved... with stereo and surround the spatial presentation was almost eerie.

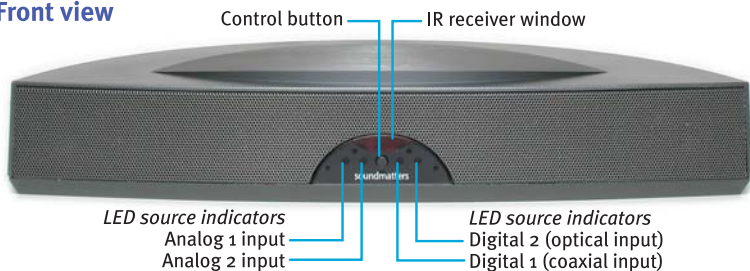

A highly affordable answer to how to place a bunch of speakers and a subwoofer in the average room.”

— Wayne Garcia, *avguide.com*,
official website of *The Absolute Sound*
and *The Perfect Vision*
